FINANCIAL LICENSES

Managing and handling Financial License is not an easy process. We do provide the management of handling the financial license for the clients. From setup, take over company, key person (MLRO and DMLRO) and office, we did it all.

The jurisdiction we offer is based on the needs of the clients based on the objective to be achieved.

Below is the jurisdiction we covered:

Saint Vincent and Grenadines.

Labuan, Malaysia.

New Zealand

South Africa

Mauritius

Seychelles

Belize

Comoros Island

British Virgin Island

MALAYSIA, THAILAND AND INDIA PSP

REGULATED - 01

Payment service provider is a need for every merchant in order to receive payment for each service and products sold.

We at 9s only cooperate with parties which are Regulated in their country to ensure the safety of funds and peace of mind. The fee is quite competitive and process onboarding is seamless. We do understand the obstacles faced by the clients in other jurisdictions. Therefore we provide this service to help and ease the client in their daily business operation.

METHOD - 02

The below is the method used by our PSP:

Malaysia - FPX

Thailand - QR Code

India - Bank to Bank

KYC - 03

For each of the submissions, we will analyze and advise the best way to have PSP based on their nature of business and level of risk. The KYC is needed and it's our priority to ensure all parties are well taken care of.

MT5 CONSULTING.

MT5 is a popular Trading Platform from Meta-quotes Ltd. It's really important to know how the submission and its process is handled. We had experience on going through the process and therefore we offered it as a service to new clients that were interested to use MT5.

It's important to know what the critical needs are and how to obtain them. The clients will be analyzed by us in order to see if it's fit to have it. We will advise accordingly and inform if the submission can be done or not from the evaluation process.

Furthermore, we also can provide the Technical Team to handle the server and also others related products and services needed.

With our transparent process, it will make clients trust and can do the business better.

MATCH-TRADE PRODUCTS.

We as a part of Match-Trade Technologies is proudly sell officially all of Match Trade products such as:

Award Winning Platform - Match Trader
Regulated Liquidity - FXE Prime and Match Prime
Regulated Crypto PSP - Match2Pay
CRM, Market Data and others

9 years experience with MTT is a long and great journey for us to develop the skills and products knowledge in Fintech.

As a part of MTT we are open for Partnership for anyone interested in selling our products.

We consistently enhance and analyze our products in regards to evolving in the Fintech industry.

With the good reputation of the Bank and as a Regulated entity, will make clients peace of mind to use it as a Corporate Bank Account.

SHAH

BANK ACCOUNT

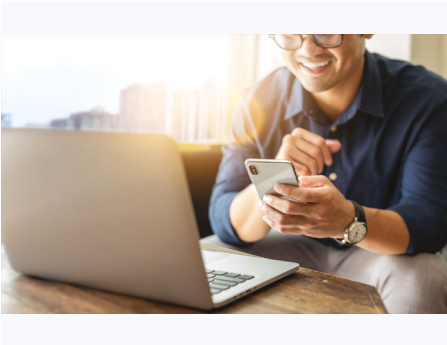

Searching for a Bank Account is not an easy process. Therefore we are here to help any clients needed to have a Corporate Bank Account for their Company. Our Bank Account is a recognized and Licensed Bank at their Jurisdiction and can be used online.

The onboarding process will be online and the clients did not need to travel to open a bank account. It will make the onboarding smooth and easy.

COMPANY FORMATION & MANAGEMENT.

With vast experience in delivering our services. We do really understand the needs of the registrar of each country. Therefore, we can provide the listed jurisdiction based on our capability and capacity in depth of each jurisdiction.
